DESIGN

Competence and passion transmitted through generations have made us one of the leading players in the contract segment in Italy.

The contract Hub

Il piacere di casa

L'essenziale

La casa, luogo in cui si vive, è un luogo di affetto, di accoglienza, di serenità, di benessere, di equilibrio ed armonia.

Non basta infatti il fatto di i caratteri delle peculiarità della casa per apprezzare un'idea di originalità.

Atteggiamento

Profili

Ours is not a mission, it's a calling.

A first glance at what we bring into play.

We support our client throughout the entire selection and purchasing process, conducting a thorough analysis of the project. Starting with the pre-selection of suppliers capable of meeting the project specifications, we sign with them an agreement. We perform a careful analysis and comparison of the received offers, ensuring a well-structured and competitive proposal.

The presentation of the offer to the client is detailed to ensure clarity and transparency.

We provide contractual assistance in compliance with regulations, ensuring efficient order management and rigorous quality control.

Additionally, we offer technical support during the design, delivery, and assembly phases, ensuring a smooth and timely process. The final inspection represents the conclusion of the project, assuring the client that every aspect has been handled with precision and professionalism, and providing post-sales assistance.

Research, technology, and tailor consulting.

At your service to deliver quality and uniqueness within the timeframes.

We offer **FF&E** (Furniture, Fixtures, and Equipment), sourcing anything specified by the project.

We provide **OS&E** (Operating Supplies and Equipment), ensuring delivery within agreed timelines.

Quick quotations, also of large volumes and different types of products.

Study and realization of prototypes for custom products or setups.

Layout planning, setup study, light design. 3D illustration and realistic rendering.

Sampling and updated **material**, finish, fabric, and upholstery samples.

Buying service managed by an experienced team in constant contact with companies.

Brokerage and handling of **shipping** procedures, and on-site installation support.

Brands and world-leading design.

Project procurement plan: all the best brands at your disposal.

We support our clients until the completion of the project, positioning ourselves as the sole point of contact to simplify the selection of finishes, materials, and indoor and outdoor furniture across different price ranges by assigning purchase contracts.

Our support includes technical drawing and centralized logistical management, providing the client with an efficient and cost-effective solution.

Wood and pannels

Solid wood, curved, and lacquered.

In the heart of productive Italy, the workshops of Forma Design are located in Veneto and Umbria. Carpenters and specialized craftsmen have been working closely for years, aided by state-of-the-art machinery, to create prestigious and refined furnishing elements.

The emphasis on detail and the ability to customize finishes based on ever-evolving needs allow for a widespread skill across various levels of production. Despite small-scale production, a commitment to quality and durability is maintained.

Iron and metallic alloys

Steel, pewter, counters, tables.

Our wrought iron products are strictly handmade, and each craftsman follows their specialized models in the cutting, forging, welding, and finishing stages.

This production choice requires extremely high managerial skills and ensures the quality and artisanal authenticity of all our products.

Natural stones

Slate, marbles, granites, travertines.

Over the years, through our partners in the manufacturing hubs of Liguria, Tuscany, and Piedmont, we have expanded our production to include coverings and flooring, as well as artifacts for the furnishing of bathrooms, kitchens, and wellness areas. We carefully and expertly select every type of stone material, offering our customers a wide range of products.

These artifacts are crafted through meticulous processes that leverage the latest technologies and artisanal expertise—from design and cutting to installation and polishing.

Coatings and plasters

Porcelain tiles, cement tiles, parquet, resins, and natural plasters.

From ceramics to cement tiles, from porcelain to parquet, and reaching plasters and micro-cements, we offer specific materials tailored to project requirements.

Drawing from the study of ancient building recipes, the formulation and production of materials for sustainable construction, and innovation in the service of historical and monumental restoration, Forma Design is capable of promptly addressing every need of the client.

Glass and mirrors

Tempered glass, and crystals.

The production of high-quality goods is a source of pride and satisfaction for us. We employ state-of-the-art machinery for the specialized processing of glass, crystal, and mirrors.

This material can be translated into doors, glass partitions, stairs, canopies, mezzanines, floors, coverings, and every piece of furniture with a modern and minimal touch.

Lights

Designer lights and technical lighting

To achieve a good lighting design project, it is essential to carry out a basic lighting calculation. From this study, a visual overview of the initial project is produced. The same applies to each Custom product.

Forma Design offers flexibility, efficiency, dynamism, allowing us to meet the design requests of architects and lighting designers to create bespoke projects and products.

Wellness, heating, toilet

Wet areas and custom solutions for private and hospitality.

From radiators to bathroom furnishings to the creation of an entire space dedicated to well-being? Sauna, Turkish bath, emotional shower, pool, tepidarium, frigidarium, snow room, relaxation area: Forma Design supports you in the design and development of a tailor-made, efficient spa, meticulously crafted in every detail.

From project planning and site coordination to post-sales assistance, we are the right partner to bring your environmentally conscious and consumption-aware design project to life.

Fabric, leather, wallpaper

Curtains, upholstery, and wall decor.

Fabrics and wall coverings define spaces, objects, and atmospheres to meet every use and design requirement. Thanks to numerous collaborations with leading Italian weavers and leather goods manufacturers, Forma Design can create any upholstered product, from structure to covering. We offer multiple solutions and materials, ranging from traditional to technologically advanced.

The same applies to upholstery, which we can also customize at various levels. Be inspired by our proposals or share your idea of an 'environment' with us, and we will help you bring it to life exactly as you envisioned.

Home automation & tech

Innovation that makes your home or business always connected.

The spread of home automation systems has transformed homes and commercial spaces into smart environments, offering personalized solutions for security, lighting, and energy management.

The integration of home theater and advanced technologies has made entertainment an immersive experience. Rely on our expertise and request a consultation. We are equipped to provide a tailor-made project, taking care of installation and after-sales service.

Pergolas and coverings

Any shading structure, whether supported or freestanding.

Forma Design Contract Hub creates pergolas, gazebos, pavilions, pool houses, glass coverings for gyms, bioclimatic greenhouses, kiosks, canopies, trellages, conservatories, orangeries, entrance compasses, and CE-certified windows for high-quality Winter Gardens.

We provide assistance in all stages of implementation, both in Italy and worldwide, with assembly carried out by skilled artisans trained in our workshop.

The Procurement steps

Phase 1: Sample Setup

We assist the client in selecting and purchasing goods and services, obtaining competitive bids, and ensuring constant support. Sample setups are completed in tight timelines and often challenging conditions. We compile a list of suppliers, establish guidelines, and ensure the success of the project with the involvement of the owner, designer, and suppliers.

Phase 2: Detailed Design

We collaborate to create custom fabrics and other finishes while adhering to all Italian or foreign regulations and the project's vision. With our experience, we work with suppliers we have collaborated with for years and are in close proximity, simplifying the collection of custom samples. During periodic meetings, we control costs with the client, ensuring budget compliance.

Phase 3: Delivery and Installation

We collaborate with the client to finalize the offer, define logistic solutions, and address any installation requirements. Installation is managed with commitment for a smooth process. We regularly visit the site and production facilities, checking items in warehouses. Our team is present during installation, collaborating with contractors and designers. In the project closure, we address changes with the owner and designer, following up with suppliers to ensure overall satisfaction. We stay in touch with the client for post-installation assistance.

About... Forma Design

For over twenty years, we have been working in the contract furniture sector in various fields, with a primary focus on the food & beverage and hospitality industries.

To meet your needs, we offer:

Over 20 years of experience: An adventure born in furniture and design that continues to update itself, staying aligned with the highest standards of the international market.

15+ professionals: Representing the core of our work, ready to support your requests, facilitating every step of the process in more than 5 different languages.

250+ high-end brands: A portfolio of companies that allows us to offer different products based on the project. We can provide you with everything from furniture to finishes and all components. We negotiate the best prices and favorable terms even with the most exclusive companies.

30+ artisan partner companies: Established relationships with satellite companies that enable us to create custom solutions on various supports and materials.

Shipping and on-site installations: Established relationships with shipping brokers and a team of experienced installers allow us to offer a turnkey service in every country worldwide.

1,300 square meters of showrooms and material library: Three charming and characterful sales points are available to offer a complete service, making all finishes and entire interior, exterior, kitchen, and bedroom furnishing solutions viewable.
